

A Five Day National Level Online Work Shop

on

“Research trends in Modern Electronics and e-Communication”

Organized

by

Department of Electronics and Communication Engineering

GMR Institute of Technology, Rajam

(27th October - 31st October, 2020)

About the Programme

The Objective of this workshop is to bring insights and show case the opportunities for research in the fields of VLSI, Nano Electronics, printed electronics, 5G technology, MIMO Antenna designs and Signal Processing

Organizing Committee

CHIEF PATRON

Dr. CLVRSV Prasad
Principal, GMRIT

PATRON

Dr. J. Raja Murugadoss
Vice-Principal, GMRIT

CONVENER

Dr.M.V.Nageswara Rao
Professor & Head, Dept. of ECE

COORDINATORS

Dr.V.Kannan, Professor, Dept. of ECE
Dr.V.Jagan Naveen, Professor, Dept. of ECE
Mrs. Sri. Durga Kameswari, Asst. Prof, Dept. of ECE

Details

No Registration Fee

 E-certificate will be issued to all successful participants

About the Department

Electronics & Communication Engineering Department provides students with a solid scientific/technical background and research capabilities in the design, development and manufacture of electronic devices and systems used in a wide spectrum of applications. From household appliances to sophisticated satellite communication, from electronic ignition to neural networks and signal processing chips, the Department integrates academic discipline with project-based engineering applications, classroom learning theory with real world experiences.
