

ONE WEEK ONLINE FACULTY DEVELOPMENT PROGRAM
ON
RECENT ADVANCEMENTS IN CIVIL ENGINEERING - PHASE I
(07-12 June, 2021)

Organized by
Department of Civil Engineering, GMR Institute of Technology, GMR Nagar, Rajam - 532 127

About the Programme

Civil Department group of GMRIT is striving hard to become recognized for excellence among academic institutions in AP and surrounding states of India. In the present scenario of student centric knowledge accumulation, faculty should make the students ready for the real situation in the field of construction. To make them industry ready, the faculty should upgrade themselves with the latest progress in any field. FDPs provide such platforms where speakers and the audience share and interact with various persons and enhance the ideas in order to disseminate the same to the respective students. The focus of this FDP is to emphasize on the progress on significant contributions by various academician and field experts in Civil Engineering and related fields.

Objectives of the FDP:

- To make the faculty members, Researchers, PG scholars and Industry participant's to share their views on recent advancements in the field of construction.
- To educate the faculty members, Researchers, PG scholars and Industry participant's about the current state of civil engineering.
- To explore the design and construction techniques of different Civil structures using advanced analysis and methods.
- To provide a platform for academics and industry to keep up with new developments in smart construction and management, result a bridge between academic and industry.

Dr. S. Nagan
Professor
Dept. of Civil Engg.
TCE, Madurai
